

# Solar Power in Fondulac Township

A Public Meeting on a proposal for community solar. **November 9th, 2017**

## Community Solar Site Summary

Trajectory Energy Partners has proposed leasing 18 acres of farmland owned by Fondulac Township to develop a community solar project that will bring jobs, educational opportunities, and electricity savings to the community as well as increased revenue to the Township over the project's lifespan.

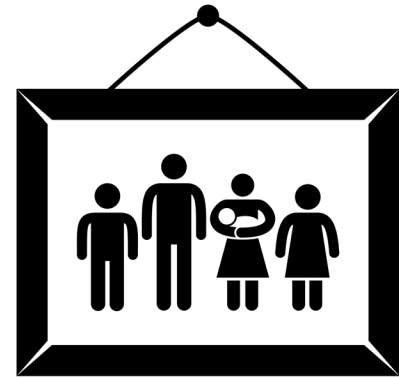

## Community Benefits

### Jobs

Trajectory will work to partner with local contractors and installers to create local jobs.

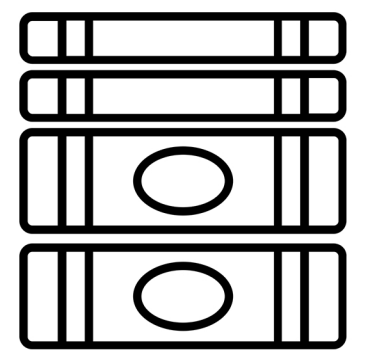

### Electricity Savings

We will give priority to local electricity users for the energy savings from the community solar system.

### Revenue

The lease of 18 acres will result in projected increased revenue over the project's lifespan for Fondulac Township.

### Education

We will work with local schools to offer a solar curriculum for students.

## Solar Site Option Lease Agreement

**3 Years**

Option Period\*

*\*up to 3 years*

**10 Years**

Initial term with up to three 10 year extensions

**\$800**
